# Overview

Explore the cultural and artistic heritage of Abha as you make your way to Fatima Museum, where you can marvel at and appreciate exhibits featuring brightly-coloured geometric patterns of Al-Qatt Al-Aseeri art. Visit Al Muftaha Village next to take a closer look at some more curious art pieces, and even check out Souq Al Thulatha, the Tuesday market, where you can browse through and buy a variety of local products. Head to the A'anab farm to kick back into the tranquil atmosphere while enjoying top-notch Saudi hospitality with some coffee and dates. Take plenty of photos of your stunning natural surroundings and the comfortable seating areas. Marvel at the remains of an old watch tower and travel through time as your hosts regale you with stories centred around this once-imposing structure. Depending on the season, you can see how different types of fruits are grown and harvested. You will also see some old-fashioned weather forecasting tools and equipment that local farmers use to help them in cultivation. Watch how the mifa bread is made and then grab a bite to eat before going to the final stop of the tour, High City, where you can enjoy stunning mountain views.
